## elektron posters

this is for all four elektron monomachine posters (new, never taken out of the tube), and three machinedrum posters (used).

how does \$22 shipped w/in the lower 48 sound? that's like buying the monomachine posters and getting three MD posters free!

for the sake of convenience, i have taken the liberty of drawing a red X through the poster that is not included

The little boy poster is creepy...if I hung that up in my apt...I'm sure my girl would think I was a pedophile.
