## FS: Minty Fresh MACHINEDRUM SPS-1 UW Posted by Minuteman - 2006/08/28 15:53

Email contact:

This is less than 6-months old and in as-new condition.

I am selling because I am a guitarist and I have not been able to spend enough time incorporating the Machinedrum into my workflow.

This comes with box, adapter, documentation, all in perfect, as-new condition.

The firm price is \$1,375 plus \$30 shipping (CONUS only) via insured UPS. PAYPAL or cashiers check accepted.

I have perfect feedback on EBAY and excellent references on The Gear Page (guitar-oriented forum)where I have bought and sold guitar-related gear.
