I hate to let these go but i have to due to personal issues. I have barely got to use these two wonderful machines. They have stayed in my smoke free studio closed in their case I built. I have the original boxes and manuals. They have never left my house for a gig or anything. Please message me or email me if you are interested. apx@apxmusic.com

MD-\$950  
MnM-\$1150

I also have these items for sale.

oberhiem OB-12  
korg ms2000  
Korg Electribe Em-1  
Korg Mono/Poly  
Roland VP-9000 with 4 drive scsi raid system and Glyph cd drive  
Behringer Ultra-dyne Mulkti-band compressor  
Behringer Composer Pro compresor

:-(

I was hoping somone would have emailed me by now. I will drop the price on each unit by \$50...

MD=\$900  
SFX-60 =\$1100

I know someone out there wants these units or has a friend that does. I would rather sale to someone on here then some random person on somewere like Ebay.
