
For sale: Monomachine SFX-6 in great condition.

Posted by ggoodwin - 2006/03/18 18:48

Yo people, I have to get rid of my sfx-6. It's in awesome condition. I'm the first owner, never giggered it, non-smoking studio, kept covered with dust cloth when not in use, etc. I have it listed on the bay right now but if somebody from this forum is interested, I'll let it go for \$1500. My ebay auction's reserve is set around \$1600. The auction ends in 4 days so move on it if you want it! By the way, no Paypal on this one.

Here's a link to the auction for feedback purposes etc.

I can get better pictures if you need em. Peace.

1400 is an amazing price for the mono!

i'm actually pretty shocked that this hasn't sold. the used market for elektron seems to be in a soft phase... they're all over ebay these days.

Yeah, I'm a bit surprised myself! I normally wouldn't even think about parting with it for less than about \$1600 but I have no choice.
