
Monomachine SFX-6 for sale!

Posted by ums - 2005/07/23 20:41

I'm not using this beast much either, so I'm looking to liquidate it. Currently one possible trade is in motion, but it has not been confirmed so cash offers are still being accepted via email chrism@lumin.us

looking for \$1450 via MO or Cashier's check including shipping/insurance to the US. Paypal users will have to send me a sweeter offer to avoid lining ebay's pockets.

please send your offers, I will know if this trade is going to happen within the next 24 hours but I need the money for another piece of equipment and can't wait to keep the thing on offer should it fall through.

Yes, I am interested in the SFX-6 that you are offering for sale. If you can describe what condition it is in, what history it has (when it was purchased, new/used) and any other info you can supply, it will be appreciated. Also if you could possibly give me a quote to ship to Alaska I would also be grateful. Thanks, Ian.
