if you submitted a track for the machine project, respond once to this thread with a word or smiley or something.

please do not comment on this thread unless you have submitted a track for consideration, and please, only respond once.

sorry for all the large type i've been using. :laugh:

thanks!

Yes, 2 tracks; one solo and one with Gys,

Kirl, got your email about the missing submission for the collab with Gys. I did send it the other night like I said, and even got a confirmation email afterwards. I re-sent it this afternoon, just to make sure. Please give me a short note when you've received it.

I sent 2 tracks, well three actually, but I forgot to include my eusers tag with the first track so you can ignore that one if you like. It's not as good as the other two anyway. No colabs unfortunately.
