
OT -Setting all volumes the same

Posted by Falloutsoldier - 2013/09/06 01:15

Is there a way of setting all the volumes of all my samples so they are the same volume?

just after ive done a live set Ive usaully tweaked everything out of recognition and sometimes I forgot to safe so I have to go through and tweak every sound so its all levelled, is thee a quicker way of doing this??

thanks in advance!

just reload the project after you're done the set?
